

## **We Provide Financing for Small Businesses**

### **What Makes Us Different?**

Unlike traditional bank loans, our small business funding partners offer legitimate alternative small business advances. Banks require massive amounts of paperwork and make you jump through hoops to apply. Our small business funding partners approve over 60% of the applicants. Businesses can receive funding in as little as 3 to 5 days. Whether you are in need of unsecured revenue based working capital, asset based loans, merchant cash advances, or receivables factoring, we work hard to find a home for your business' financial needs.

### **Why get capital for your small business with us?**

*Custom Tailored... that's our policy.*

We have money available to help you grow your business and the flexibility to custom tailor funding that meets your needs and your budget. We handle the tedious paperwork and walk you through the entire funding process.

### ***Short Term Business Capital***

Amounts from \$10,000 to \$500,000 or more. No personal collateral needed. Terms from 4-18 months. Cost from 2-4% per month, based on credit and industry. We are able to provide funds to most businesses, regardless of credit concerns. Easy, no-obligation application and automatic payments.

### **Common Uses of Funds**

- Purchasing inventory or materials
- Launching new product lines
